• **Praise Reports:** After several weeks in the United States Pastor Bellande is returning to Haiti! He will meet his wife to make plans to start a new Foursquare church in the north. Everyone is safe and excited!

• **Prayer Requests:** Please pray for strategies and resources to start the new Foursquare Haiti Church, including OSL (Operation Solid Lives) as a Church Plant strategy - Invite, Disciple, Train, Launch (repeat). Please also pray for 2023 OSL travel schedule, and for the translation of materials into Creole (French) to go quickly.

PASTOR ELENA RAZO

Leading ministry in a prison and a local church in Guaymas, Mexico

• **Praise Reports:** We had a victory service in the prison ministry with the participation of the Ukranian Missionary Team from Washington State (52 members), and enjoyed their team singing in Spanish! We are also excited to have the baptismal ready to baptize new believers.

• **Prayer Requests:** Please pray for the Lord to provide everything the Church needs, including funds to build a fence. Please also pray for the team who is coming this fall, and for the Lord to send leaders and missionaries to partner in Guaymas. Please also pray for more house churches in Guaymas.

YASEER AND MONIQUE HANDALL

Discipling people in Native American Reservations across the United States

• **Praise Reports:** We have two native leaders—one from North Dakota and one from Alaska—who are now in the licensing cohort for becoming pastors! Yaseer also had a successful time with native leaders on the islands, and took one of our Foursquare Leaders to teach at some churches, at the college, and with upcoming young adult leaders.

• **Prayer Requests:** Please pray for the missions team from Kansas who is coming to the Crow Reservation in May to begin work on the business as missions trailer. Please also pray for our Native American connection at our Foursquare convention this year.

MIDDLE EAST

Reaching people in the Middle East (names removed for security)

• **Praise Reports:** We have had people come and visit recently, and it was such a blessing. We have also seen the Lord continue to give us favor with people in work and our community, and are excited to have conversations about Jesus.

• **Prayer Requests:** Please pray that we would not forget to abide in Jesus in the business of work, kids, and engaging the Great Commission, and that we would not grow weary in doing good. Please also pray for healing for our family, who has fought some sickness and medical issues. Please also pray that God would help us bring His Kingdom here.
