Church Family,

You probably know, we have had the privilege of sending missionaries around the world and supporting them in their mission. Our amazing **Missionary Care Team** is regularly in contact with them, helping us—as a church family—to minister with them. Included here are the praise reports and prayer requests **our** missionaries have sent back **to us**.

We want to **invite you to pray with us**, as our team regularly does, as we **celebrate** what God is doing, and lift up the **requests** of our beloved Rock Missionaries and Lives Missionaries that we are partnered with.

If you would like to support our missionaries financially, to learn more about what we are doing, or to join the team, please visit **therockmissions.com**.

Reaching the world together,
